

**The Italian Technology Platforms in the KBBE theme:
their role, vision and evolution.**

The academic perspective

Achille Franchini
University of Bologna

Bologna, 28th October 2009

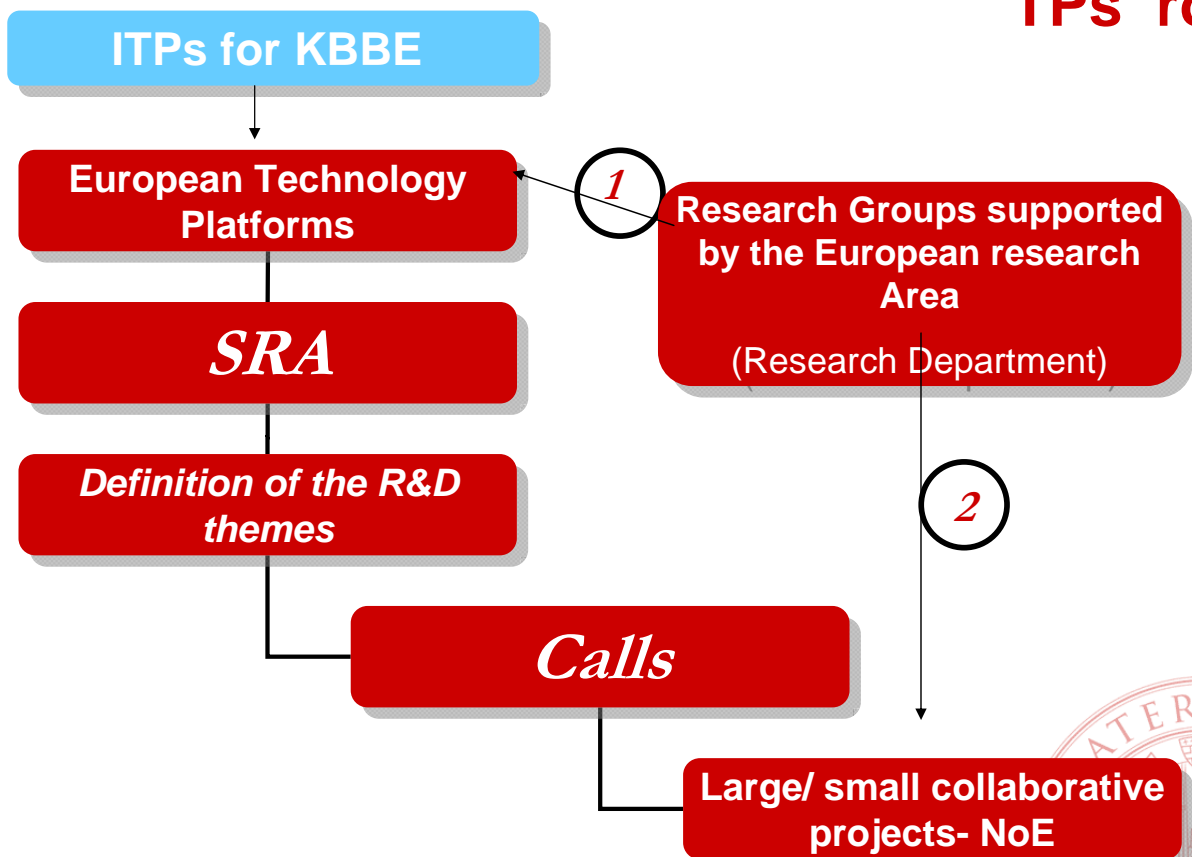

an Italian vision of VII PQ

53 MM€ - 7 years

TPs' role

Italian Platforms for the Knowledge Based Bio Economy (KBBE)

ITPs for KBBE: what we are

An incubator for private - public partnerships

- ✓ Research projects
- ✓ Knowledge transfer
- ✓ Training

**to strengthen industry
competitiveness**

ITPs for KBBE: what we did

- ✓ Shaping the Italian research priorities (Vision Document, SRA, Implementation Plan)
- ✓ Developing national and international research collaboration
- ✓ Developing financial strategies in order to mobilise public and private funding on research priorities
- ✓ Promoting Italian participations to ETPs
- ✓ Promoting national interests inside ETPs
